The Tone Master Princeton Reverb is the latest addition to Fender's acclaimed series of legendary amplifiers. Using Fender's proprietary Tone Master modeling process the Tone Master Princeton is a perfect replication of the legendary tube amplifier. With player-centric features and modern conveniences it's sure to appeal to today's most demanding professionals.

The Tone Master Princeton Reverb is versatile enough to go from the bedroom to the recording studio to the gig with the great sound and authentic vintage vibe that Fender players know and love. It delivers classic Fender tone, reverb and tremolo; and it's the perfect size for guitarists who want a moderately powered amplifier for any situation.
